# EDITOR'S LETTER

The world has spent a lot of time recently talking about celebrating and supporting. Celebrating and supporting various industries in distress. Celebrating and supporting businesses big and small. Celebrating and supporting slight and great achievements in each other.

So, my wish for the yuletide and coming year is that we take a deep breath, especially when it's hard to do so, celebrate what we have in common whilst supporting each other in hardships.

Thank you for continuously supporting us throughout this year and for reading this December 2021 | January 2022 edition of the AGRIFOODSA Magazine. It's because of our incredible community that we are able to celebrate the success of our Christmas and New Years issue, and present you with extraordinary advertisers in the agricultural and secondary industries.

One such advertisers is our cover featured advertiser for this edition: The Perishable Products Export Control Board (PPECB). PPECB is an independent service provider of quality certification and cold chain management services for producers and exporters of perishable food products. Established in 1926, the PPECB has delivered valuable services to the perishable products industry for over 90 years by enhancing the credibility of the South African export certificate and supporting the export competitiveness of South Africa's perishable product industries. To find out more about their products and services, go to [www.ppecb.com](http://www.ppecb.com).

Be on the lookout for our monthly AGRIFOODSA Newsletter, featuring our digital magazine, informative articles, exciting competitions and more. We're already reaching 25,000 South Africans nationwide, so to sign up to our newsletter, contact [info@agrifoodsa.info](mailto:info@agrifoodsa.info).

Then, remember to head over to our Competitions page on the AFSA Website at [www.agrifoodsa.info/competitions](http://www.agrifoodsa.info/competitions) to win jolly prizes over the festive season.

Lastly, remember to check in on all of our socials for your daily dose of agri news and fun.

I hope you celebrate every day like a holiday, and that the New Year brings you good health, inspiration, and a mission to do as many small acts of kindness as you can squeeze in each day. Those are easy gifts to give that will continue to give in meaningful ways to the receiver.

May you a very blessed holiday season.

## LTG - CONQUERING 2021

As we approach the end of 2021, the effects of the pandemic on international freight operations have been in turmoil. Continued Covid-19 disruptions had a negative effect on the freight industry. Equipment shortages, lack of capacity, port congestions, unreliable transit times and delays are but a few of the various obstacles that we are still facing in 2021 and is expected to continue in 2022.

At LTG we quickly learned to adapt to the impacting factors of a very unreliable and competitive market, yet we are proud to say that we have conquered 2021.

To mention only a few highlights, we successfully maintained our Level 2 BEE status and ISO 9001:2015 Certification, as well as managed to sign on quite a few new clients and retained 100% of our current clients, which is a challenge in itself. LTG managed to successfully apply the Covid-19 Regulations and we continue to audit Covid-19 processes. Unfortunately, a few employees tested Covid positive during the 3rd wave but with the support of the LTG Family and a positive attitude, we were fortunate not to have any fatalities.

LTG is also proud to have had solar panels installed at our Rosslyn facility and support the Going Green Initiative. It definitely takes a

team effort and comradery to achieve all this. In our aim for continuous improvement there has been ongoing Skills Development Training with the current staff in all the departments which also included Management as well as enrolling employees into learnerships. In addition, we also have various other internal strategic projects planned for this coming year, all focussed on expanding the employee experience and knowledge base.

We are looking forward to a well-deserved break during the Festive Season and spending some time with family and friends before seizing new challenges and opportunities that will come our way in 2022.

LTG wishes you and your loved ones a blessed holiday season and a joyful and prosperous New Year!

# Agricultural SHADENET

PlusNet has been in the shade-net business for 26 years. Over the years we have learned what it takes to manufacture and supply high quality nets. We believe in our product and therefore every roll of shade net manufactured by us comes with a 10-year warranty against sun degradation.

Our agricultural net is specially designed for the African sun and helps to:

- 1) Provide your orchard with protection against nature's harsh elements
- 2) Reduce water usage by creating a microclimate within the net structure
- 3) Contribute to an increase in yield
- 4) Improve crop quality.

Why wait any longer, contact us today at 011 412 3954 or [nets@plusnet.co.za](mailto:nets@plusnet.co.za) to place your order or for more information about our range of agricultural nets or visit our website at [www.plusnetgeotex.co.za](http://www.plusnetgeotex.co.za)

# HEALTHY COWS ARE PROFITABLE COWS

Innovative welfare solutions for cows

Andries Engelbrecht: 083 263 9675  
Werner van der Merwe: 083 700 2333

FlexStalls™

- ✓ Flexible cubicles - no pressure marks
- ✓ Healthier animals
- ✓ The lying time is improved
- ✓ The animal is lying more correctly
- ✓ Flexibility minimizes damages to the animal
- ✓ The lifetime and the yield improves dramatically
- ✓ Better oestrus conditions (healthy cows = better oestrus)
- ✓ Less consumption of bedding
- ✓ The cleaning time of the cubicles will be minimized
- ✓ The health of the udder will be improved (cleaner udder = better udder health)
- ✓ Adjustable for all breeds and sizes
- ✓ Easy and cheap installation
- ✓ Lower cost per animal per year

FlexFeed™

- ✓ Promotes appetite
- ✓ The animal consumes more feed
- ✓ The animal is able to consume more feed further out on the feeding table
- ✓ Calmer animals during food consuming
- ✓ Differentiated feeding places
- ✓ Adjustable width
- ✓ Animal welfare, healthier animals
- ✓ No marks and damages from equipment
- ✓ Higher earnings

**Cow-Welfare**  
FREEDOM FOR COWS

LEADING edge

## Thio-Sul®

12% N 26% S

High concentration clear liquid

- 1 For starter or topdressing application
- 2 Improves nutrient use efficiency, crop yield and protein content
- 3 Compatible with broad range of other fertilisers

## KTS®

21% K 26% S

Highly available K and S nutrients

- 1 Highest concentration liquid K and S available
- 2 Improves crop quality, yield and shelf life
- 3 Mobilize K and other nutrients in the soil and thereby improves uptake

## CaTs®

6% Ca 10% S

100 % readily available Ca and S

- 1 Clear liquid Ca and S fertiliser without any N and chloride
- 2 Improves crop quality, colour, consistency, firmness and shelf life
- 3 Soil conditioner that leaches out harmful salts and Na

### Unlock the soil's full potential with thiosulfate based fertilisers:

A complete range of high concentration clear liquid N, K, Ca and S fertilisers that add unique benefits to your existing crop nutrition program

# SEPCOM™

## Cow & Pig Manure Treatment

**SEPCOM® Horizontal**  
Screw Press Separator

**SEPCOM® MFT**  
Micro-Filter

**SEPCOM® Vertical**  
Screw Press Separator

The **SEPCOM®** system is a comprehensive range of equipment designed to **turn cattle manure into an even more valuable resource.**

In agriculture untreated manure can be used as organic fertiliser only within certain limits.

To **make the most of your manure** you need to separate it into a solid and a liquid phase.

**Solid Phase** turns into:   
**a high-quality organic soil conditioner**

**Liquid Phase** turns into:   
**an enriched liquid fertiliser**

- Easy to shovel, store and transport
- Odourless
- Can be used as bedding
- Can be sold as soil conditioner

- Can be used for flushing
- Can be used for fertigation
- Low fresh water consumption and minimum solids content
- Easy to mix, pump, spread and store

# ADVANCED PLUS™

## REINKE PRECISION MANAGEMENT

SIMPLE, YET SMART

Controlling a pivot has never been easier than with the RPM Advanced Plus main control panel. Designed with the grower in mind, the simple to use touchscreen display has all the advanced control options needed for your smart irrigation practice.

### Features and Benefits

#### Touch Screen Display

Easy to use 4.3" full color touch screen display

#### Customizable Home Screen

Select what controls you want visible on the home screen

#### Additional Attributes

Access flow and pressure readings without upgrading to the Preferred Touch Screen panel

#### 5 Year Warranty

Unmatched reliability and durability

### ReinCloud-Ready®

#### Remote Access

Monitor and control pivot without being at the panel

#### Increase Efficiencies

Manage multiple systems from one dashboard

#### Ease of Mind

Receive notifications when there's a change in the systems status

# OLI IS THE WORLDWIDE LEADER IN INDUSTRIAL VIBRATION TECHNOLOGY

MAKING BUSINESS SIMPLER FOR CUSTOMERS WHILE GOING GLOBAL WITH A FIRST-CLASS PRODUCT HAS PROVED SUCCESSFUL IN MAKING OLI THE WORLD'S TOP SELLING COMPANY OF ELECTRIC EXTERNAL MOTOVIBRATORS.

WHEN YOU NEED IT, WHERE YOU NEED IT

As a global player in industrial vibration technology, with three manufacturing sites and eighteen trading subsidiaries, it is OLI's goal to provide excellent value to our customers.

OLI has been committed to delivering high-quality market-orientated products since being founded in 1961, but is aware that excellent customer service is of pivotal importance. The OLI product is distributed in Southern Africa by its subsidiary in Gauteng, South Africa.

The OLI product meets the high demands of the South African climate. Its high-quality products and equipment that can withstand our harsh operating environment. As a strong believer in innovation, OLI is constantly striving to be ahead of the curve.

It is this drive for innovation that allows us to now offer stainless steel motors to industry for clean and efficient plant operation.

We also offer a range of flanged mounted electric vibrators, specifically designed to be retro-fitted to existing equipment in a number of industries and sectors.

Our other offerings - pneumatic hammers and linear pneumatic vibrators - reduces numerous material flow headaches in plants. Identifying the customers'

needs is a priority; achieving a partnership built on trust is the reward. By supplying competitive, high-quality products for wide-ranging applications, OLI combines performance and reliability by adapting to the ever-changing market.

The key centrepiece of OLI's business strategy is rapid stock delivery, any time, any place in the world. With its skilled competence and valuable knowledge of the industry, OLI is a credible expert when it comes to assistance in finding the most suitable solution to each individual customer's request.

As all OLI's products are market-orientated, this affords the company knowledge of numerous applications and industries.

WHEN YOU NEED IT, WHERE YOU NEED IT!  
THE MISSION STATEMENT THAT GIVES OLI THE EDGE OVER ITS COMPETITORS

# From Producer to the World

# BAK-CON-MAT

CUSTOM MADE CONVEYOR MATS

TOUGH,  
YET FANCY

DURABLE. FLEXIBLE.

## CUSTOM-DESIGNED RUBBER BIN MATS FOR YOUR BAKKIE!

Our mats are durable and slide resistant. They're flexible and double up as sand tracks under your wheels when you get stuck. They protect your bakkie against scratches and dents. Their aerated designs prevent water build-up, so no rust. They absorb any heavy load and spread the weight evenly. And they stay put when you unload.

### MADE TO OUTLAST ANYTHING

- Strongest and most versatile rubber bin mat on the market.
- Non-slip surface to keep your cargo from sliding around while driving.
- Elevated design to keep moisture away from your load.
- Elevated design to absorb sudden impacts.

# SAADBEHANDELING MET ecoANALYTICS

Nemex is ontwikkel as 'n saadbehandeling met 'n verskeidenheid mikrobies en mikro-elemente. Die gebruik van Nemex help u plante nie net om vinniger te ontkiem nie, maar help ook om die wortelmasse en gemiddelde opbrengs te verhoog. Omdat Nemex al aan die wortelsone is, terwyl dit ontkiem, kan die vrylewende stikstofbinders met die aanvang van die werk begin, namate die wortels ontwikkel om u plante lewe te gee.

Toepassing is uiters maklik en dit is nie nodig om 'n soort kleefmiddel te meng of te gebruik nie. U skeur die verpakking net oop en voeg 50g per 25kg saad of 100g per 25kg fyn saad by. Teen rondom R100,00 per 50g behandeling kan dit net 'n oorwinning in u guns wees.

# F and J

## PIGGERY

## KWALITEIT STAALWERK

'n "Verskuifbare Lam Afrondings Kraal" is n 6m x 4.5m x 1.5m hoë struktuur met 300mm x 100mm wiele. Dit is verskuifbaar grootliks vir higiëniese doeleindes, maar ook sodat indien dit op weiding geplaas word, dit oorbeweiding voorkom.

Daar kan tot 40 lammers op `n slag in die kraal wees. Addisionele water- en voerbakke kan aan die kant van die kamp geheg word sodat geen persone die kraal hoef binne te gaan nie.

### ONS MAAK:

- Motorafdakke
- Hekkies
- Balustrades
- Staal meubels
- Omheinings
- Tenkstanders
- Staal strukture
- Toerusting vir plaashantering

## WHO ARE WE?

- A code of conduct.
- A set of standards audited by an independent compliance management body.
- Quality products.
- Relevant scientifically-based recommendations.
- Continual learning and improvement.
- Complying with all legal requirements.

### Structure of Fertasa

Fertasa is managed and directed by a Board of Directors who are elected by and representative of the ordinary members. The Board of Directors report to the Management Committee which comprises representatives from all ordinary and affiliate members. The Management Committee appoints operational committees to attend to various aspects of the business of Fertasa.

### Board of Directors

The Board of directors manages and directs the business and affairs of Fertasa. The Board comprises six (6) directors, and one (1) executive director (the Chief Executive Officer of Fertasa).

The directors are elected by the ordinary members with equal representation from both smaller and larger member companies.

### Purpose

Fertasa is a recognised and preferred body aimed at promoting the image of the fertilizer industry through:

- Promoting the integrity of each member and building preferential trust for their products and services.
- Enhancing and protecting the interest of its members through effective engagement with government and organised agriculture.

### Core Functions

- Actively promote the agro-economic and environmentally accountable fertilizer and aglime practices;
- Develop a positive public awareness and acceptance of the need for fertilizer and aglime use in food production;
- Improve the operating environment within which its constituent industries operate in a spirit of free enterprise and fair trade;
- Assimilate, adds value to and disseminates fertilizer and aglime related information;
- Provide a discussion forum for its members and other parties on all aspects relating to fertilizer and aglime distribution, agronomic advice and product quality.

### Mission

To provide a credible platform to promote the responsible and sustainable use of fertilizers.

### Vision

To be recognised as the representative voice for the fertilizer industry and as the stamp of approval for responsible and sustainable soil fertility and plant nutrition in Southern Africa.
