EDITOR'S LETTER

I can hardly believe that it's time for the Nov/Dec 2017 edition of the AGRIFOODSA Magazine, but here we are and I couldn't be happier.

I absolutely love this time of year! Wait, before you turn the page in absolute disbelief of my presumed "forced happiness" about

the "celebration of consumerism" "invented by the greeting card companies", let me explain. The holiday season, as corny, excessive and predictable as it can be, is perhaps the only time of year where the majority of society come together on a few core principles:

Food. It's that time of year to pull out the stretchy pants and indulge in everything yummy. Our AFSA Facebook page (<https://www.facebook.com/agrifoodsa>) features weekly mouth-watering, proudly South African recipes; or view our AFSA Pinterest page (<https://za.pinterest.com/agrifoodsa/boere-kos/>) for many more ideas on how to revive those taste buds.

Recuperation. I'm especially looking forward to this one. A few carefree and fun filled days of doing whatever you want is what makes this time of year especially wonderful. Send us an email (info@agrifoodsa.info) to let us know how you'll be spending your break and you could be featured on our social media pages.

Gift Giving. We love making people happy, so remember to check out and tell your friends about our Competitions page on the AFSA Website (<http://www.agrifoodsa.info/competitions>) to stand a chance to win some festive prizes every other month (see page 60-61 for more details), as well as the AFSA Facebook page where a Takealot.com voucher is up for grabs every week.

Family. At AGRIFOODSA many of us are actual blood relatives, but we are all a family. Without the perseverance and determination of our staff and service providers none of this would be possible. It is with great sadness that we are however bidding farewell to our beloved and respected marketing manager and man about the office, Riaan Schmahl. We wish him unimaginable success in his new business venture and that all of his wildest dreams may come true.

Gratitude. We would like to thank all the wonderful advertisers, agencies and co-ops without whom we would not be able to live our dream, which is to connect people in the agricultural and food industries for a more productive future. Please support our 77 advertisers in this publication and thousands of advertisers on the AGRIFOODSA.INFO website (<http://www.agrifoodsa.info/directory>).

Happy holidays and happy perusing.

Chantell Schmahl

THE PROFIT CENTER

CONDITIONING:

Take advantage of early harvest premiums, reduce yield loss and save money by drying your own grain.

MATERIAL HANDLING:

Speed through unload and get back into the field with a gentle and efficient GSI bucket elevator.

Farming is never easy. It's even tougher when the market's more bust than boom. Skip the line at the elevator and plan for profit with a complete grain system from GSI.

STORAGE:

Increase marketing flexibility and capture your best price when the time is right.

BRASUDA

PASTURES FOR AFRICA

WORLD WIDE LEADERS IN

ELEPHANT GRASS CARAJAS

- Carajas is an improved Banagras that can be established with seeds
- Selected for high dry matter production
- Quicker regrowth with higher protein
- This elephant grass has a good cold and drought tolerance
- Tasteful and digests well and used for gazing and silage making

PANICUM MAXIMUM - ARIES

- It is a perennial forage grass with tussocks
- Great tillering capacity
- Narrow hairless leaves and light green color
- The main characteristic of this cultivar remains on its regrowth capacity after grazing
- It is very well accepted by beef cattle, horses, sheep and goats.
- High protein with a 70% digestibility and highly palatable

PANICUM
MAXIMUM-
MOMBASA & TANZANIA

PANICUM MAXIMUM – MOMBASA AND TANZANIA

- High dry matter producer with excellent digestibility
- Recommended for intense grazing pastures
- Direct grazing, hay making and silage making
- Used by beef and dairy cattle producers

PANICUM MAXIMUM – PAREDAO

- New improved panicum variety that produces higher quality plants that produce up to 30% more than most panicum varieties
- plant have an excellent palatability with a high drought tolerance
- direct grazing and silage making
- Is recommended for milk and beef production

TROPICAL PASTURE SEED

BRACHIARIA BRIZANTHA- MG 4

BRACHIARIA BRIZANTHA - MG 4

- Improved Marandu that can handle poor soil with a high drought tolerance
- Utilize direct grazing and hay making
- Good regrowth after grazing
- Cold of tolerance higher than Marandu

Brachiaria Brizantha MG-5

MATSUDA GENETICS 5

Victoria

BRACHIARIA BRIZANTHA - MG 5 VITORIA

- Yields higher than marandu cultivar
- Good drought resistance
- Tolerates poorly drained soils
- Good regrowth after grazing
- Very good option for the beef cattle production

4 GAME MIX

4 GAME MIX

- Improved handling through increased flow capacity of the seed
- Better protection against insects
- Better protection seedling rot
- Extremely suitable for grass-eating wildlife

HYBRID LEGUME
JAVA

HYBRID LEGUME JAVA

- Java is a perennial twinning and creeping legume with stems
- Low demanding in soil fertility
- Fixate up to 150 kg/ha Nitrogen per year
- Medium palatability which assures high persistence with high crude protein value
- Presents high persistence under grazing
- Very good seed producer setting seeds all year round

PROFIT
COMES RIGHT AFTER
THE USE OF THIS EQUIPMENT

BIG SPACE SOLUTIONS FOR BIG IDEAS

9-TO-5 SPACE SOLUTIONS

At Big Box Containers we give our clients what they need, when they need it. From basic site offices to permanent work space solutions with all the bells and whistles - your Big Box office is a phone call away.

FOR RENT

Big Box Offices and Stores are available for rent on a short-term or long-term basis, offering our clients a solution that will fit their needs and their pockets. All our units are wind and water tight and in tip-top shape.

For more permanent solutions, Big Box also offers new and refurbished containers for sale. Our trained sales consultants will advise you on the correct installation requirements, so you won't be left out in the cold. We also have a large fleet of refrigerated units.

BIG BENEFITS

SPACE SAVER

Big Box Offices and Stores instantly increases your on-site office and storage capacity, while freeing up valuable internal space.

MONEY SAVER

Why build or extend an office or storage facility when you can get the same quality neatly boxed, for less.

ON THE GO MOBILITY

Moving premises? Take your Big Box with you. It's that easy!

NETAFIM D-NET™ 3D IMPACT SPRINKLER

OUTSTANDING DISTRIBUTION UNIFORMITY

25 YEARS
GROWING MORE WITH LESS

The most for the least

Growers of open-field and nursery vegetable crops know that the design of the impact sprinkler head is a critical factor in effective water coverage.

At Netafim we've completely reworked this design to guarantee that uniformity of water distribution is the highest in the market.

By incorporating D-Net™ 3D impact sprinklers into the irrigation system, growers achieve the most accurate water coverage for the lowest precipitation rates. It's the uniformity they need for greater crop yields.

How moist is your soil? | Sensetion single-pack

Use the Sensetion single-pack to measure soil moisture and use your smartphone or computer for the rest.

The Sensetion system is easy to install and consists of a monitor placed in the field and an app either downloaded to your smartphone or via the internet to your desktop.

MES CONSULTANTS - 082 563 1427

Benefits of the system include

- Optimal irrigation advice for all your crops
- Current soil moisture status of the field
- Anytime, anywhere access on your smartphone
- Easy to install with installation set
- High quality design with smart sensors inside
- Powered by solar energy
- Includes lifetime data and software subscription

Functional characteristics

- Height 141 cm
- Measuring range 25 cm
- Measuring depth 30 cm
- Integrated screw point
- Integrated data logger
- Including solar panel
- Communication through GPRS quad-band modem and SIM card

Omvattende analitiese diens vir Landbouers

Bemlab verskaf 'n betroubare ontledingsdiens en tegniese ondersteuning aan ons kliënte sodat hulle die beste besluite kan neem.

Kenmerke wat Bemlab 'n leidende diensverskaffer maak:

- Betroubare resultate: ISO 17025 akkreditasie vir grond-, blaar-, water- en vrugontledings.
- 'n Monsternemingsdiens: Grond-, blaar- en watermonsters word namens kliënte geneem teen bekostigbare fooie.
- Tegniese ondersteuning: Aanbevelings en tegniese advies word op aanvraag verskaf deur twee grondkundiges, 'n chemikus en kundiges wat grondkartering doen.
- Gerieflikheid: Spesiale monstersakkies en gerieflike vervoeropsies van oral in die land word kosteloos aangebied.
- 'n Omvattende ontledingsdiens: Fulvien- en humiensuurontledings, plantpatologie, aalwurmontledings, asook grondmikrobiologie word verskaf.
- Kliëntediens: 'n Kombinasie van vriendelike ontvangspersoneel, 'n toegewyde span en vinnige omdraaiing verseker kliënte-tevredenheid.
- Goeie pryse: Koste word fyn bestuur sodat kliënte die waarde wat gereelde analises toevoeg, kan benut.

POWERFUL PRECISION MADE EASY...

The Topcon portfolio of precision farming products features the most advanced technology for guidance, auto steering, variable rate control, auto section control, crop canopy sensing, water management and farm data management. All designed to be user friendly and easy to use.

Topcon's lineup of precision farming consoles will help you improve operational efficiency and reduce input costs:

X30 Console

The industry's easiest to use touchscreen display with icon-based, user-definable interface.

X25 Console

Full-featured precision for price-conscious farmers – A mid-range 8.4" color touchscreen console for smaller cab environments.

X14 Console

Topcon's precision farming controller for entry level visual guidance or auto steering, offers the same look and feel of the easy-to-use X30 touchscreen.

Burquip

international

Burquip International has been a leading manufacturer, importer and distributor of high speed trailer and agricultural implement trailer components in the Southern African market for over 25 years.

We offer a wide range of high speed and agricultural trailer components that will serve the unique requirements of each of these markets from one of the three branch outlets within South Africa. Exports to African countries include amongst others Namibia, Botswana, Zimbabwe, Mozambique, Zambia and Malawi. Burquip's axle manufactured standard length trailer axles are readily available from outlets and any custom order or large quantity order can be supplied within 10 days from receipt of order. Burquip's sales representatives are trained to assist you with your enquiries and will also prepare quotations on your request.

INFO

Office: +27 (0) 12 997 3407 | Fax: +27 (0) 86 542 0704 | info@agrifoodsa.info

Get connected to the farmer... just a click away!

If you're not advertising on the AGRIFOODSA.INFO website yet, you need to get right on it!

With improved functionality and enhanced design, it promises to be a fundamental tool for farmers and enthusiasts of the agricultural and secondary industries in South Africa.

The new website affords the user the opportunity to read and download the AGRIFOODSA Suppliers Guide Magazine, offering additional exposure to our print advertisers.

There are advertising options to meet everyone's needs. Possibilities range from premium directory listings to banner adverts on the HOME page. All major players in Agri and food are able to get incredible coverage and marketing benefits at very reasonable prices.

Advertisers who appear in our Suppliers Guide have the opportunity to book premium listings on our website at a fraction of the standard price.

As part of the AGRIFOODSA.INFO website, advertisers will enjoy the following brand promotion:

- Google Search Engine Optimization of the AGRIFOODSA.INFO website;
- Advertising of the AGRIFOODSA.INFO website in various other Agricultural publications;
- Coverage on our Social Media pages; and
- Exposure through our monthly newsletter which will be e-mailed to 18,000 links across Southern Africa.

We are also presenting website advertisers with the opportunity to have broadcasts, special offers or short articles on new products and/or services posted to our brand-new NEWS Page.

We are driven by performance,
passionate about our clients
and focussed on achieving results.

Look out for the fresh, innovative AGRIFOODSA.INFO website LIVE!

For more information or to advertise, contact us today.
